PEACH KINGS RIDING HIGH ON CHAMPIONSHIP TRAIL

DEFEAT PARIS FOR GROUP: WIN FROM PT. DALHOUSIE

Play Port's Again On Friday Night

PARIS GAME

The Peach Kings have won their group playoffs, and now start on the long road to the Ontario Championship.

During the long lay-off that followed the tie game in Paris, a lot of talking was done, possibly to offset the lack of hockey. While Rushton was scamporing all over trying to find a rink, a lot of 'let-it-be' was being put on the line that the Kings would take Paris in a walk if a good ice surface was secured. Well good ice was found, but the Kings did not walk away with the Paris 'Elgion' boys. As a matter of fact for the first twenty minutes of the game, the Kings looked like bums.

Paris took a two goal lead in the first period, as Kings played a listless type of hockey, that gave the huge delegation from this district a severe case of fidgets.

It is questionable whether England's injury in the Paris nets, was a break for the Peachroos, opinion seems to be somewhat divided on that score. We believe that England is the better of the two, and that his misfortune was Grimsby's gain.

It was not until the ten minute mark of the second period, that the Kings seemed to suddenly come to life. And when they did, it was a nightmare for Paris.

Warner slapped in the first tally, a minute later Clancy tied the score, and four minutes later, Pud Reid put over a beautiful pass to Whitfield who banged in the third goal, to put the Kings in command for the first time. A command they never lost. The period was nearly over when Craig, who played his best game of the year, skated through the entire Paris team and scored unassisted.

The final period was the most furious period Ian Murdoch and

PORT'S GAME

I suppose that as long as the Kings are in the race for the Championship, the skeptics will continue to make it known that the next team they are to meet will really give them a battle. Such was the case with Port Dalhousie Legion. However as one thousand and thirty-three fans can testify, the Kings had little difficulty in swamping the Port team by a nine to four count in their opening game.

With the temperature more ideal for spring training for baseball than for hockey, Rushton's crimson tide swept through the Dalhousie boys with apparent ease, and had it not been for Coupland's stellar net-minding the Kings would have capitalized more so.

It was a big night for "Pud" Reid, who picked up five points, four goals and an assist. It was Reid who opened the scoring at the two minute mark of the first period. Port's "bad boy Bents" was in the jug at the time, and before his release from said spot, Pete Tallman notched the second King tally. Russ Hann scored at the half-way mark of the first frame, and Bents picked up the first Dalhousie goal at the fifteen minute point.

Scoring was divided in the second, each team scoring two goals. Reid and Duffield bulged the twine for the local heroes, Carr and Morris for Ports.

Port tallies came from a sloppy effort on the part of defenseman Tufford, and while Tallman was in the cooler. Wing man Thorpe suffered a broken ankle in this period, and Bomboir also suffered an injured leg. Normie Warner was hurt on a play involving Bents, but Warner returned to the game after a ten minute lay-up for repairs.

Kings picked up four goals in the final period, while Ports picked up a lone tally. Reid scored his third and fourth of the night, and Warner notched a pair, on neat passes from Clancy.

Even Tom Warner couldn't keep good ice in the arena as the temperature hovered around the sixty

Remanded

Arrested Friday afternoon by Cpl. Edward Priest and Constable Frank Cooney of the provincial police, Grover Misener, aged 20, Fonthill, appeared before Magistrate J. H. Campbell on Saturday charged with housebreaking and theft of \$96 at the home of James Stevenson, Clinton township farmer, Feb. 16th. Misener was remanded in custody until Friday.

POLICE PROTECTION IS VERY UNSATISFACTORY

Council Pass Motion Demanding That Change Be Made — "Lincoln Police System Worst In The World"—Dr. Mather Suggests Chlorinating System For Water Supply—Made Inspection Of Fire Hall—New Sub-division Residents Want Improvements.

A delayed session of the Beamsville Village Council was held Monday night, with all Councilors present, and Reeve R. A. Saunders presiding.

Reeve Saunders brought up a matter which he felt should be brought up immediately, this pertaining to the system of Provincial Police work in this area.

"There are six Provincials in St. Catharines, with two cars available, and two in Grimsby who have the services of only one car. We have a legitimate kick, and something has got to be done soon. I've told Commissioner Stringer that the whole Provincial Police system around here is just a joke," stated Reeve Saunders.

"There are 3100 residents of Clinton, and 1200 residents of Beamsville, which is ample to deserve the posting of a resident Officer here," concluded the Reeve.

Councillor Laundry went on record, stating that in his opinion "the whole police system in Lincoln County is the worst in the world."

A motion was passed which read: "This Council goes on record to condemn the present set-up in regard to the placement of Provincial Police Officers in this district, and that we strongly urge and petition the Commissioner of Provincial Police, and Attorney General Blackwell, to discontinue the system of placing two or more officers in one centre, and request that they be posted individually in the smaller municipalities, and that an officer again be posted in Beamsville." Councillor Banks made the motion, which was seconded by Councillor Chester Elmer.

Mr. H. A. B. Bartlett waited on Council, with the request that his water rate be taken under consideration and perhaps revised. Mr. Bartlett stated that the Bartlett Canning Factory used over two and a quarter million gallons of water last year, and that if crops are good this year, this amount would probably be increased this year.

Council is confronted with the problem of just how much water they can spare. Reeve Saunders

Water Level

OTTAWA, March 6 (CP).—Water levels of the Great Lakes during February, as reported by the federal Hydrographic and Map Service:

Lake Ontario, at Kingston—Three inches lower than January, 22 inches higher than February, 1945; 7 inches lower than highest February; 51½ inches higher than lowest February; 30½ inches higher than the average February.

METHOD TO CONTROL YOUTH DELINQUENCY

Basilian Fathers Met With Great Success Last Year In Operation Of Summer Camp For Under Privileged Boys From Different Cities—Wish To Enlarge The Movement This Summer.

The following letter from Rev. N. M. Kohut, O.S.B.M. of the Basilian Fathers is self-explanatory and worthy of consideration.

Mr. J. Orion Livingston, Editor The Grimsby Independent, Grimsby Ont.

Dear Mr. Livingston,

In view of the fact of the vast increase in youth delinquency in Canada and of the lack of proper summer recreational facilities for many of our youth, our Fathers have taken it upon themselves in the last past summers to place under their care and guidance large groups of boys. Placed in a healthful atmosphere, given all the benefits of sunshine and good food, the boys found a very happy home during the months of summer vacation. Some of these boys came from our neighboring cities of St. Catharines, Hamilton, Toronto, besides those from our own Grimsby.

The good results experienced from our own experiment gave our little effort very much unexpected advertising. We are now beset with applications from parents who desire us to take their boys for the summer. We are now preparing to accommodate 50 to 60 boys this summer, and are planning to set off one of our large homes for their benefit. This home although a little out of town, is electrically installed and has also running water facilities, drains, lavatories etc. In front of it overlooking the lake they will have a suitable field for baseball, football, tennis and other sports.

The work of guiding these boys and instructing them is carried on by our priests and brothers. For that reason we appoint certain

Chicken Prices Jump Sky High

(St. Catharines Standard)

The price of chickens took a definite jump in Magistrate J. H. Campbell's court Monday when two men paid fines totalling \$80 for six chickens which they admitted removing from a neighbor's coop.

Robert Steeves, aged 47, St. David's Road, Grantham township, was fined \$40 for theft of six New Hampshire Reds, taken early Saturday from the coop of Gordon Emmett, a neighbor.

Steeves' son-in-law, Wm. Lawton, Merritt, admitted being in possession of two of the chickens and was fined \$40. The chickens were recovered and returned to Emmett by Provincial Constable N. P. Fach, who investigated.

WILL MAKE CHANGES IN TOWN PARKING BYLAW

WILL RAISE WATER RATES IN EAST END

Halifax Hero Is Taking Discharge

Made Valiant Attempt To Save Naval Stores And Records At Time Of Explosion.

Patrolman Frank Hill, of the Royal Canadian Navy, with Mrs. Hill, were visitors to town on Friday, looking for a place to live as they contemplate moving back to Grimsby. During Frank's long stretch of duty with the navy Mrs. Hill and children have been living with her parents in Port Huron.

Patrolman Hill was one of the two men who played such a heroic part in trying to save the stores and records at the time of the big Halifax explosion and due to injuries and concussion received at that time has been undergoing a long period of hospitalization and recuperation.

He is again in fine health and is taking his discharge from the service.

He Has Answered His Last Alarm

Capt. Clarence McNinch Resigns From Fire Department After 23 Years Of Valued Service To Community.

After 23 years of continuous membership in the Grimsby Fire Department, and giving valued service to the public, Captain Clarence McNinch has resigned from that public body. His resignation was received with regret by the Joint Fire Committee on Monday night and Secretary McNiven was instructed to write him expressing the appreciation of the committee and the citizens for his freely given service over this long span of years.

Captain McNinch, following in the footsteps of his father, joined the local fire-fighting brigade in the spring of 1923 and during the following years he step by step worked his way to the top until he became Captain, or chief assistant to Fire Chief Alf. LePage. Owing to the fact that his own business requires him to be absent from town continuously during the day time and at periods during the whole 24 hours, he deemed it advisable to resign his post.

Wilfred M. Lawson was recommended to the committee by Chief LePage to be raised to the rank of Captain and acting upon his recommendation the Committee made the appointment.

Chief LePage reported that the department was up to full strength of 18 men with all official positions filled by capable and efficient men.

Council Had No Other Alternative—Were Lowered Three Years Ago—Central Avenue House Cellars Flooded, Proper Drainage Asked For—East Enders Want Garbage Collection With New Truck.

After much thought and figuring, North Grimsby council in monthly session on Saturday afternoon decided to raise the rate for water supplied to consumers in the east end. Council have discussed this question for some weeks. They had conferences with Grimsby Water Commission regarding the lowering of the rate charged for water by the Commission.

Grimsby Commission, faced as they are with tremendous expense at the lake this coming summer and the construction of a new reservoir could not see their way clear to reduce the present rate of 26 cents a thousand gallons. Consequently the Township officials had no other alternative than to raise the east end rates, which were lowered three years ago.

The new rate will be \$12 per year instead of \$10, with the minimum of 20,000 gallons remaining the same. Added to this is the \$1.85 per year meter charge. Rates in the west end are not effected.

An old drainage squabble that has been on the tapis, on Kerman avenue, for a lot of months past came to the surface again. Council takes the stand that they are not concerned in the matter, but rather the whole question is one to be settled between the owners of the two properties. Thus the matter stands so far as council is concerned, although more may be heard about the matter from another angle.

A large deputation of ratepayers from Central avenue, Grimsby Beach, appeared before council asking for relief from water flooding their cellars. Each spring and fall, and every time there is a heavy rain, cellars of homes on this fine residential street are flooded. This

County Buildings To Be Renovated

Precautions To Be Taken At County Jail — 155 Men Apply For Maintenance Positions.

At a meeting held Thursday evening, the General Administration Committee of the Lincoln County council under the chairmanship of Reeve Roy A. Saunders of Beamsville discussed proposed changes to the council chambers in the county building.

Plans and interim estimates for the project were presented by Architect T. Wiley to the committee for their consideration. A recommendation will be made to the county council at the sessions commencing on March 19th that council proceed with the plan.

Due to the fact that plans are under way to renovate the county building this year no action was taken by the committee on a request for office space for the Old Age and Mothers' Allowance Inspector. Reports of the boiler inspector showed the boilers at the

License Deadline

Hon. George Doucet, Ontario Minister of Highways, announced last week that Wednesday, March 20th, would be the deadline when all Ontario Motorists must have their 1946 car licenses. Possibly because there had been no official announcement previously made, 1945 car licenses are still very much in evidence, if not in the majority. There will be a big difference in ten days—or else.

Depot Street Will Be One Way Parking—People Who Fail To Obtain Building Permits Will Be Prosecuted—Garage Operators Cannot Use Sidewalks For Repair Shops—Will Prepare Bylaw Governing The Operation Of Taxicabs—Heavy Session.

A multitude of items, routine and otherwise, confronted Town Council last night. Five bylaws were read and passed and a whole sheaf of motions voted upon. Discussion was heavy as there were many questions to be discussed.

Applications were received from Lloyd Haynes, Sam Hunt, W. A. Hartwell, J. A. Klock and Leslie Luey for the position of second constable, as advertised for, for the town. Council will meet as a committee of the whole on Friday night to go into the question further and will invite Mr. Luey to be present for an interview.

There are several changes going to be made to the present parking bylaw, chief of which will be the allocating of Depot street as a one-way parking street. In all probability all parking on the west side of the street will be prohibited. Heavy traffic on this street is the cause of the change. Also parking will be prohibited on the east side of Main street, south from the top of Palmer's Hill to Elm street. At the present time no parking is allowed on the north side of Main street from the western end of the Forty bridge to the top of the hill. From now on only two hour parking will be allowed on the south side.

Garages that allow cars and trucks to be parked on the sidewalk, and that allow repair work to be done on vehicles that are blocking the sidewalk will be prosecuted if the practice is continued. In opinion of council, and rightly so, the sidewalks were built for the people to walk upon and not for

(Continued on page 3)

Grimsby Has New Furniture Plant

O. H. English, Returned Soldier Opens Up Shop On Oak Street — Make Anything You Want.

A new industry that has been in existence but a short time is flourishing in Grimsby. It is known as English's Furniture Shop and is located in the south end of The Independent building on Oak street.

O. H. English, a returned serviceman, is the head of the firm. This plant specializes in the manufacturing of old pieces of furniture such as tables, chairs, chest of drawers, desks, what-nots, and other odd articles that any householder or business firm desires. They also do repair work of all kinds as well as dressing down old furniture and repainting or revarnishing of same.

A considerable quantity of new machinery has been installed and already Mr. English has a nice little business worked up.

Joe Hoelscher Fatally Injured

Tragedy struck a resident of Beamsville, Monday afternoon, when sixty-three year old Joseph Hoelscher is alleged to have walked into the path of a heavy dump truck, and sustained severe injuries that caused his death shortly after admittance to Hamilton General Hospital.

The tragic mishap occurred on Mountain street at approximately three twenty on a bright March afternoon. Police are of the opinion that the deceased became confused as he was walking north on the east side of the road, and on crossing the road, he suddenly saw the truck bearing down upon him. Instead of getting out of the way, he apparently walked directly into its path.

The driver, Joe Savage, an employee of C. H. Prudhomme made every effort to avoid hitting the man, taking to the ditch, and eventually striking a culvert and telegraph pole, causing extensive damage to the heavy truck, which was loaded with stone.

Provincial Constable Hope and Chief Constable Arnold Manley investigated the tragic accident.

Will This Go On Black Market?

Thieves Make Haul Of 93 Pounds Of Butter, 200 Pounds Of Sugar From Beamsville Store.

Thieves with an eye toward articles of a hard-to-get nature, broke into the Red and White Store owned by Arnold Hunsman sometime Wednesday night or Thursday morning.

Gaining entrance through a rear door by the use of a bar, the thieves apparently took their time in going over the premises. Ninety three pounds of butter, two, one hundred pound bags of sugar, twenty-five dozen eggs, a crate of B.C. apples, a quantity of cigarettes and approximately \$20.00 in silver is reported as having been taken.

Chief Constable Arnold Manley, and Provincial Constable Priest are working on the case.

Lincs Battered Old Tank Arrives

An old war-horse dear to all members of the 1st Battalion Lincoln and Welland Regiment came home to St. Catharines last week to be pastured out for the last time. It was a battered 12-ton Stewart tank, converted to a big carrier used by the Linc' commander in leading them through the final push into Germany.

Plattered by small-arms fire, bazooka-ed but missed, the "reco" carrier used by Lt. Gen. Rowan C. Coleman, D.S.O., is plastered with autographs. One of these is that of Gen. Crerar himself, who wrote his name on the carrier with a black carpenter's pencil when he inspected the regiment for the last time. The signature of the Canadian Army's commander-in-chief was preserved when it was carefully traced with white paint.

Sniff... Do You Smell The New Mown Hay? Sniff

There are two farm implement agents in this picture and one millionaire who owned a lot of farms, so you can easily figure out that the said implement agents were high pressure selling the hay-loader that can be seen in the background. A lot of people got all tangled up over this picture, and it is not so old—1910. The second man from the left caused the most trouble, a great number of people took him for the late Sylvester Oakley. A still greater number claimed that it was Senator E. D. Smith. Now Senator Smith was always a big land owner but

not the kind of land that used hay loaders.

Standing from left to right, the men are Elias Uriell, an implement agent of Grimsby; Sylvester Oakley; Wm. Whisker, unknown; Timothy J. Farrell; Walker of Grimsby; Benjamin Pyett, Grimsby implement agent; John Hewitt, owner of Deer Park Inn, several other large farms on the mountain and The Village Inn.

Sitting down in front, left to right, are E. Walker, Grimsby, James Nichol; Grimsby; Frank Piott; Wm. Hewitt, Grimsby chauffeur. Piott and Konkle are the only two all

FACTS & FANCIES

Frank Fairbairn, Jr.

A FINE TRIBUTE

They don't always indulge in twisting the tail of the British Lion in the United States. There is a fine tribute going the rounds and published in The London Times no less from The Cadillac Evening News of Michigan, a tribute in which there is the slight mistake of mentioning England, rather than Britain or the United Kingdom, which would embrace Wales, Scotland and Northern Ireland. Here are some achievements brought to attention:

MUCH CREDIT FOR ENGLAND

We Americans are smart people. We admit it—and we can prove it, it necessary. We made colossal contributions to winning World War II. But there are other smart people on earth. And they made colossal contributions to victory, too.

The outstanding spectacular weapons of World War II, were Radar and the atomic bomb. The English also were pioneers in jet propulsion.

They invented and perfected the Bailey bridge. They designed and built the prefabricated portable harbor which made the invasion of France possible—and successful.

They built airplanes second to none in the world. And Sir Alexander Fleming, of London, discovered penicillin, the wonder drug responsible for preserving the lives of thousands of Americans and others wounded in battle.

England's accomplishments in World War II, are little short of miraculous.

It has frequently been said that we saved England.

We are not so sure that it was not England that saved us!

WHAT FOLLOWS?

Here is a man who is running a weekly newspaper. The circulation is 10,000 copies, the price, \$2.50 per year. There is a job business also. There are no price controls. The publisher lifts the price to \$3.00 per annum, "ups" his job printing 20%—counts on 20% addition to profits.

Instead of being 20% up at the end of the year he is down 20%. He lost money, so did his employees, the national income was reduced. I am afraid I have made this chap into a very bad man. I didn't intend to do so, but after all he lacked judgment—that's no virtue—he ought to have known better.

It has happened of course with manufacturers, distributors, merchants, chicken raisers, food producers. It happened to labor. A low price is often safer than a high one. Competition is less when the margin is narrow. This is still a competitive world, it calls for brains, insight and vision. The forces of competition stimulate thought and effort. That is the reason why the rate of progress is greater under free enterprise than under socialism.

The Labor Unions of the United States are powerful. They have put up a stern fight for their recent wage increases. Rarely, do wage rate increases mean much to labor. Back in 1923-25 the money wage rate averaged 56.1c per hour in American manufacturing, mining and steam railways. In 1939 this had risen to 66.1c per hour, an increase in the hourly wage rate of 17.8%. In the same years, in the same industries, total pay rolls fell 17.8%, a drop from \$13,612 million to \$11,186 million, a decline of \$2,426 million—that's a lot of money. If the wage increases which then took place had brought about a corresponding increase in total pay rolls, then pay rolls, in 1939, would have been \$16,035 million—\$4,849 million more than they actually were. If you work for a living think that over carefully, it's worth knowing. At times, the strongest pay for their own mistakes!

It costs something to ignore the obvious. When the Vice President of the United States wrote of 60,000,000 jobs he had in the back of his mind the need for 130,000,000 customers. They had to have purchasing power sufficient to buy the products produced. If prices went too high, the market would not take the products produced and so employment would decline and total pay rolls

Bert Chivers has traded his snow shovel for his broom.

A pile of water has flowed down the Old Forty the past week.

Johnny McGinnity of Hotel Grimsby staff out of West Lincoln, healthy and happy.

You won't know the Village Inn. Shaffer Bros. and Parrow Bros. have done a great job.

That bright sunshine last half of last week sure brought the hilltop farmers out from underneath the haystacks.

Eight a.m. a box of luscious, red apples in the window of Joan Love's grocery. 10 a.m. box half empty. 12 noon box is empty.

George Warner informs this columnist that Grimsby is to have a big field day and athletic meet, under the auspices of the Legion, on Victoria Day.

Coincidence. At noon on Friday the first strike of the Post Office clock and the first clang of the town bell were simultaneous. Usually the clock is anywhere from one minute to three days behind time.

would be lowered, the hours of work reduced. Reduction in volume of production robs labor. Out of less we have yet to find a way to get more! Economic law, at times, must have a sense of humor, how otherwise could the facts fit so closely into the arguments.

The trouble with high wage rates is that quite often it is impossible to collect them. If, in Canada or the United States, we doubled all wage rates tomorrow we would be poorer than we than we were before unless we also doubled production. Labor has little real interest in high wage rates, labor and the friends of labor, must think primarily of higher total wage payments. There is all the difference in the world between the two. High pay rolls mean prosperity—high wage rates, in terms of purchasing power, are almost always with us during depressions, high pay rolls never are.

Between 1923-25 and 1939 production per man-hour in manufacturing increased by 64.2%. Labor could not collect its wage increases, the market could not take the products and services labor had to offer but prices fell and labor received more for its dollar because technological changes, in methods of production reduced costs and industry passed on part of the gains to the consumer in the shape of lower prices.

What difference does it make to labor whether it gets what it wants in increased wages or lower prices for goods? It may seem on the surface to make no difference but a higher wage rate bites back, it raises the cost of the things the workers buy. It forces other groups to apply for higher wages or to lobby for higher prices. It puts out of business the basic producer who markets his products abroad. If labor looks at these things from the narrow standpoint of its own immediate benefit, forgetting the long-time needs of the nation the effective argument will be given—it will see again the ghastly symbol of the past, it will be impossible to avoid it, unemployment will come.

FIRE PREVENTION

At no time has the need for precaution against fires been more urgent. News reports daily add to the list of lives and property lost. Responsibility for halting the destruction, as pointed out by an official of the National Fire Protection Association, is on the individual.

At home and at work, each person should constitute himself a safety inspector to protect not only his own family and property but those of others. Little things cause many fires.

Weather, outworn equipment, overloaded electrical circuits, postwar letdown, carelessness, and a dozen other causes lie behind the fires reported in the daily newspapers.

Fire departments and prevention organizations can suggest. They cannot budge a homeowner into adopting their suggestions. And as long as a man's home is his castle, there is no way of insisting on periodic inspections to insure cleanliness, good housekeeping, and other deterrents to fire.

Worth-while points on fire prevention: Don't try to put out a fire by yourself; call

the fire department.

Don't allow rubbish to accumulate near heating units.

Don't let down your guard in these days when equipment is old and replacements hard to get.

Don't try to be an amateur electrician. See that oil stoves, ranges, and other cooking and heating units are properly installed.

If every person would constitute himself a fire-hazard inspector on his own premises, fires would be less frequent.

FROM PAGE ONE

COUNTY BUILDINGS

good, registry office and court house to be in good condition. Clerk W. H. Millward was authorized to deal with requests for new typewriters. Fred J. Graves, Lincoln County Sheriff, submitted his recommendations that have been placed on the windows of the cooler's office's and turnkey's room. And Clerk Millward was instructed to obtain plans and specifications. Sheriff Graves also recommended alterations to the front of the building and the purchase of a time clock for the night guard.

A total of 155 applications for the two positions of maintenance men at the county building were dealt with last evening. The list was finally narrowed down to nine applicants who will be interviewed later by the committee.

METHOD OF CONTROL

members of our community to give their full-time attention to this work. The boys are taught the ideals of correct living, getting along with others, and their connection and contact with the priests and brothers brings them close to God and naturally to their parents. Because this burden is too great to be carried on by our own private enterprise, we therefore, Mr. Rynington, kindly ask you to insert this letter in our Grimsby Independent so that some generous souls, real friends of boys may also be interested in this plan of ours. We also want to give others a chance to do something good for those that need it the most. We are sure much can be done not only for our own locality, but also for our Province and Canada as a whole. We are certain that it is better to foresee and prevent from harm those that are inclined to it than to correct and punish when very often it may be too late. Thanking you for your kindness, we hopefully trust we have gained your attention and that of the general public.

We are
Yours very sincerely,
The Basilian Fathers
per (Rev.) N. M. Kohut, O.S.B.

WILL RAISE WATER

is caused, they claimed, by the lack of proper ditching or drainage on either side of the roadway. Council thoroughly understands the matter and Township Engineers will be asked to make a survey of the whole territory with a view to laying a proper drain that would carry the water to the lake.

With the creation of the new school area on the mountain a by-law will have to be prepared and passed by council setting up separate polling sub-divisions, for voter purposes, on the mountain, as the new area does away with the old polling sub-divisions as the old school sections are amalgamated and done away with.

Councillor Sam Bartlett brought up the question of garbage collection in the east end where the population is more dense than in other portions of the township. He stated that it had hardly become known that the township had purchased a motor truck than he began to receive calls from ratepayers regarding the use of the truck for garbage collection. Council will go into the matter more thoroughly some time next summer when they receive delivery of the new truck.

There is a possibility that the council will open up the old stone quarry on the mountain and crush a considerable quantity of stone this summer for use on the township road, providing of course that the Woolvorton mountain construction job is not gone on with.

Robert Boboricki was granted a permit for the erection of a two story frame house on the corner of Korman Ave. and Queen Elizabeth Way at an estimated cost of \$2,000.

Tax Collector Thompson reported that at the end of February \$1,576 had been paid on 1946 taxes. East End water consumption for February was \$18,000 gallons; West End, 216,000 gallons.

Grimsby Water Commission notified council that they would assume half the cost of the water provided to West Lincoln Memorial hospital by the township.

G. E. Burke of St. Catharines, was paid the \$5 bounty on a fox killed in the township, on the Bacon farm on the Grimsby-Smithville road.

Robt. M. Coward made application for a permit to erect a frame and concrete, two story garage 34 x 26 on the east side of Park Road, at an estimated cost of \$900.

Permit granted.

Miss Ann Crane of Lincoln Loyalist Chapter, I.O.O.F. wrote council asking for a grant to their forthcoming campaign for funds for the establishment of scholarships and bursaries for the children of returned soldiers. A grant of \$35 was made.

Road Supt. Thos. Mackie reported that the flood waters of last week had washed out a culvert six feet wide, 24 feet long on the Barton street.

Township street lighting cost \$171 for January and February.

Joint Fire Committee accounts

for \$28.59 were ordered paid. A grant of \$100 was made to the Lake Protective Association to help defray expenses in connection with lake erosion.

Relief accounts for \$41.00 for February were passed.

POLICE PROTECTION

pointed out that during the past twelve months the water supply has been excellent, due largely to ideal weather conditions. However adverse weather conditions might alter the situation at some future date.

The Bartlett Canning Factory is in the Township, and in this case the rate is higher than the rate charged to business places in the Corporation.

Councillor Laundry took the stand that industries such as the Bartlett plant should be encouraged. "For years we have been screaming for industry in Beamsville, and now that we have a good one, why give it a kick in the pants. Naturally we don't want to jeopardize the water supply for our own people, but I think we should co-operate as much as possible with what industry we do have."

Following a lengthy discussion, a motion was put through Council, granting Mr. Bartlett a straight twenty-five cent rate per thousand gallons.

Dr. J. M. Mather's letter, suggesting a chlorinating system for the Beamsville water supply, met with little approval. Reeve Saunders said that the last tests made of the water showed that it was in A-1 condition, and as far as he knew it would still test that way.

Council then heard a report on the proposed concert and dance, to be held for the servicemen. Although no motion was put through at this time, Council found the idea to their liking, and will assist the Concert Committee financially.

Councillor F. L. Laundry as Chairman of the Fire Committee was called upon to give a report of a recent tour of Fire Halls in Crowland and South Thorold.

Council found the South Thorold hall to be with their requirements, and that the Beamsville Hall should be patterned along the same lines. The Thorold hall is 24 x 36 and houses two machines with room to spare. Their is also a second story for the firemen's use.

Council spent considerable time discussing the potential site, cost and arrangement of a fire hall, and although Councillor Laundry attempted several times to get something definite on the location, it seemed to be the opinion of the rest of Council that the first move should be the procuring of plans and estimation of what the structure will cost.

The question as to what could be done to Crescent Ave., which is undergoing a building boom, was brought to the council's attention by the Reeve. At present there are no sidewalks, drains, or any other facilities. Residents are certainly entitled to something stated the Reeve. With a possible sewer project coming up, it's hard to ascertain, just what is the best move. It was decided by Council to consult with County Engineer Frank Weir, and attempt to reach some early conclusion as to council's best plan.

Routine business included the passing of accounts for the month of February which totalled \$6,522.25, and the acceptance of Chief Constable Manley's report.

Two building permits were granted, one being to Tom Beckin, whose plans include the erecting of a two story store in front of his residence on King street. The proposed structure would run parallel with the future Beams Theatre. The other permit was granted to C. F. Unrau of Vineland, this for the erection of a one and a half story stucco house on Crescent Ave., which is developing into one of Beamsville's fastest growing streets.

SPORTOLOGY
 (By Bones Livingston, Sportologist)

FOUR DOWN, FIVE TO GO—Figures don't lie, so you can see for yourself that those four games on Monday night for LITTLE DYNAMITE's chunk of silverware were really big league stuff. What the five games played last night produced we will tell you about next week. Monday nights scores were as follows:-

Generals	1002	1119	1006	1137-4264
Gas House	1028	1042	1053	1055-4191

FIGHTING FOR GLEDHILL AND INGLEHART—MEN'S BOWLING league wound up their regular schedule last week and now the GAS HOUSE and GENERALS are locked in a life and death struggle for the possession of the GLEDHILL AND INGLEHART trophy and the championship of the 24 team league. For seven years now GAS HOUSE have always been in the finals and lost out when the chips were down. If the first four games of the nine games to be played are any criterion, they will still come out second best this year. On the play-off dope nine games are played and total pins count. On Monday afternoon GAS RAHN had the championship in his hip pocket. On Tuesday he was a busy man in the Calator gasfields. Reason, GENERALS had the championship in their hip pocket by 73 points. They were four torrid games. Not a game under 1000 with GENS having two of them over 1100. HAMMY FOX rolled 1020 and his kid bowler SCHWAB trundled 919. GENS had 13 of their 20 games over 200. GAS HOUSE had 11 games over 200. THE LITTLE SHOEMAKER was their high man and saviour with 832. RAHN wasn't so hot with 607. In fact he was second low man. Give the GASSERS credit for one thing, they are the only team in the league that has never made a change in players since THE BOWLAWAY opened three years ago. . . . When is LITTLE WHIZZER going to moderate THE BOWLAWAY by the installation of one of CHARLIE NORMAN's yap-yap machines. . . . Brother, that LITTLE MARY NORTON can carry my cash in anybody's alley. She scattered WHIZZER's pins all over the landscape for a 745 on Monday night. . . . Just to wind up the regular season in a blaze of red leno MR. BAXTER, K.C. rolled a 310. . . . Now the boys are playing a post-series schedule for the dough. The wrangling and accusations will be terrific. . . . In his final league game JEFFRIES of U.D.L.'s rolled a nice 742. . . . PEACH KINGS mentor BROCK SNEYDER wound up the season with 104. . . . No electronics here. . . . Just to show the boys that they could do it PONY EXPRESS had seven games over 200 in their last stand. GREGORY had 713. . . . BLACK CATS got knocked off the backyard fence completely in their last games. . . . HEP CATS, last years champions didn't know they were in the league this year. . . .

Lawn Bowling

Dave Aiton, of Grimsby, scored a 24 to 12 victory over Archie Dyett, of First Church, in an indoor bowling match Friday night at United. The rink:-
 Grimsby—Art Clark, Bert Harvey, Brock Snyder, Dave Aiton.—24.
 First United—George Grinyer, Sam Carlisle, Andy Tennant, Archie Dyett.—12.

The Lady Whose Known As Flu

A bunch of germs were hitting it up
 In a bronchial saloon;
 Two bugs on the edge of the larynx
 Were jaxxing a ragtime tune,

While back of the teeth, in a solo game,
 Sat Dangerous Dan Kerchoo,
 And watching his pulse was his light of love,
 The lady that's know as Flu.

He Didn't Know

When Columbus discovered Am-

erica the continent had no name. He thought he had reached a western part of India, so he called the islands in the Caribbean Sea the West Indies.
 The name America came from Amerigo Vespucci, a traveller from Florence, who visited that country a year after Columbus. The name America was not used by Columbus.

Major P. K. Ketcheson is appointed Secretary of The Carling Conservation Club with headquarters at Waterloo, Ontario. A native of Belleville, Major Ketcheson has been an ardent advocate of conservation for many years.
 The new secretary of The Carling Conservation Club is president of the Lennox and Addington Fish and Game Protective Association, and is a director of the Ontario Federation of Anglers and Hunters. He is also a member of the Reformation Committee for North Fredericksburg Township. He brings to this new post a wealth of experience in promoting the conservation of Canada's fish, game and other natural resources.

Social Events — Personals — Organizations — Club Activities

Please phone in your social and personal items.

Mrs. C. J. Campbell of Hamilton was visiting her sister Mrs. Mike Sweet, who is ill, on Monday.

Mrs. Helen DeMille is progressing favourably after an operation in West Lincoln Memorial Hospital.

Memberships to the local Red Cross are still being accepted. Send your donation to Miss A. M. Crane, treasurer.

Among those recently arrived from overseas on the Aquitania, is Mrs. Edna Hodson, wife of Wing Commander K. J. B. Hodson, O.B.E., D.F.C. and bar, of Grimsby.

L. W. Sovereign, Central avenue, Grimsby Beach, suffered a slight seizure on Thursday last and is now confined to his bed. His many friends hope for a speedy recovery.

Miss Glenna Rosalie Farrell, daughter of Major and Mrs. V. R. Farrell, left last week for Children's Hospital of Michigan at Detroit for a special three months course in Paediatric Nursing.

Mr. and Mrs. Bruce Geddes, Mr. and Mrs. George Geddes are holding "open house" afternoons and evenings Sunday, March 17th in honour of the 80th birthday of their father, Mr. Wm. Geddes at "The Stone House", Main St. West, Grimsby.

On Wednesday evening last a large number of old friends and neighbors from the Fruitland district held a surprise party to the new home of Crawford and Mrs. Millen, Edge Road west. An enjoyable evening was had with games and music and the serving of a dainty lunch.

We stated last week that Capt. James-Jackson had returned to his old job in the local branch of the Bank of Commerce. This was not correct. "Jimmy" is still an out-patient of Christie street hospital but on the end of the month is returning to his position with the bank, but it will be in a Toronto branch.

Engagement

Mr. and Mrs. Wm. Hewson, announce the engagement of their only daughter, Virginia, to Mr. John Walter, youngest son of Gordon and Mrs. Hilda, all of Grimsby. Marriage to take place in Trinity United Church, Grimsby on Saturday, April 6th.

Card of Thanks

Mrs. Jennie Killine and family, wish to thank their friends and acquaintances for the many lovely flowers and cards sent to Mrs. Killine during her stay in hospital.

Music Honours For Grimsby Pupils

Several young Grimsby musicians were successful in the examinations held recently by the Toronto Conservatory of Music in Hamilton. Miss Madeline Pogachar, Joan Eaton and Carolyn Baxter all passed their Theory examinations with first class Honours. Miss Pogachar obtaining 97%, the highest mark received by any candidate in the whole Hamilton area.

Miss Marilyn Yeager passed with Honours the Grade 5 Piano examination. Miss Jeannine Nelles was successful in the Grade 10 Piano examination and is now commencing to prepare for the final A.T.C.M. examination.

All five students are pupils of Mr. Donald Kennedy of the staff of the Hamilton Conservatory of Music, who is also Organist and Choirmaster of Trinity United Church.

Prayer Services

The Things that Make for Our Peace was the theme for the World Day of Prayer service observed by local women in Trinity United Church last Friday afternoon. The service, prepared this year by Miss Mabel Shaw, formerly of Mbereshi, Central Africa, was used in some form by Christian women throughout the world.

The theme was separated into its four component parts—a childlike spirit; a loving heart; a quiet and confident mind; and an active goodwill; the whole being led up to by an introduction under the leadership of Mrs. W. J. Watt and opening with the hymn "Holy, Holy, Holy."

The parts were taken in turn by Mrs. P. V. Smith, Miss Eva Cline, Mrs. John Dick, and Mrs. G. Burgess. Mrs. Wm. Layton sang the solo part in the hymn, "Open my eyes," and the Bible Reading, Psalm 66, was given by Mrs. W. H. Morris.

A period of intercession concluded the service led by Miss H. Walsh, Mrs. Frank Miller, Mrs. Francis McAvoy and Mrs. John Miller, during which Mrs. Arthur S. Vickers sang "O Jesus, answer prayer."

The offering received from all World Day of Prayer services on this day is used for the printing and distribution of Christian literature for women and children in China, India, Africa, Egypt and Latin America. Grants are made also to the International Luper Mission, Christian Medical Council for Overseas Work, Canadian Branch of the British and Foreign Bible Society, Upper Canada Tract Society, and Religious Education Council of Canada.

In Canada last year the World Day of Prayer Service was translated into Finnish, French, Italian and Ukrainian.

Will Take Nuptial Vows In April

Virginia, charming and vivacious daughter of Wm. and Mrs. Hewson, with two years service in the R.C.A.F. (W.D.), is to be married in Trinity United church on Saturday, April 6th, to P.O. John Walter Hilda, youngest son of Gordon and Mrs. Hilda, Main street east, who had four and one-half years service overseas with the R.C.A.F.

I.O.D.E.

DO YOU KNOW

THAT the I.O.D.E. on Founder's Day last month, launched a campaign for a war memorial to those who have fallen in the Second Great War?

THAT this memorial is a living memorial for the sons and daughters of those who died, or suffered permanent disability in this war?

THAT this memorial will provide bursaries and scholarships to assist in the education of these children of ex-servicemen and women who paid so high a price for our freedom?

THAT for this purpose the sum of \$500,000 is required, and that Grimsby quota is \$1000, which though high, is a tribute to Grimsby's magnificent war effort?

THAT the Lincoln Loyalist Chapter, I.O.D.E., has assumed this responsibility and already an energetic Ways and Means Committee has a bridge tournament going and is busy with plans for raising money?

THAT the Chapter is counting on the wholehearted support of the entire community in this very worthy project?

More facts soon about the splendid contribution to Canada by winners in the similar I.O.D.E. Memorial after the First Great War, by men like Matthew Hutton and the new president of Manitoba University.

Trinity Service Club

We met on Tuesday evening in Trinity Hall, where Jean Millard was busy with her committee arranging flowers, tables and food for Pot Luck supper. We met down at 6:30 p.m. to a lovely meal. You members who were unable to attend surely missed a lot. The food was delicious. We had everything. Some of the girls said they weren't very hungry, but you should have watched them eat; and the chatter was terrific. There were times when even Leone found it difficult to get a word in edgewise.

This was also "A get acquainted supper" and during the meal many new members and prospective members were introduced and welcomed.

After supper we had a sing song and then adjourned to the church parlour for our business and devotional meeting.

Our President Leone Mitchell presided. Business was brief this time. Mrs. Powell read the Scripture Lesson and Mrs. Watt gave the prayer.

The speaker of the evening was Mrs. L. J. Pettit who gave us a very inspiring address from the Sermon on the Mount, the particular theme being "Consider the Lilies."

Trinity W.A.

The Women's Association of Trinity United Church met at the home of Mrs. E. McAlone on Thursday, March 7th, with thirty-two ladies present.

The meeting opened by Lord's hymn, followed by the reading of Prayer, Mrs. F. E. Wilkins the Scripture.

Plans were made for a tea and musicale to be held at Mrs. Dymond's on Thursday afternoon, March 21st from 3 to 6.

Refreshments were served by Mrs. H. Harper and Mrs. D. Cloughley, after which a social chat was enjoyed.

The April meeting to be held at Mrs. Peter Graham's, Livingston Avenue.

A hearty vote of thanks was extended to Mrs. McAlone by Mrs. Hawke.

Birthday Party

Mrs. E. E. Farwell, Robinson Street North, was in Hamilton on Wednesday to attend the celebration of four birthdays, all of which fell on the same day, March 13th.

The party was held at the home of Edgar J. Farwell, and those celebrating birthdays were: Mrs. Edgar J. Farwell, her twin daughters aged six years, and Mr. Wm. Post, husband of the former Olive Farwell.

A good time was had by all, especially the twins.

Coming Events

Dr. H. G. Brownlee will be guest speaker at the next meeting, to be held at the home of Mrs. E. Tomlinson, 40 Robinson Street South, on Thursday, March 21st, at 2:30 p.m. All Mothers are invited to attend these meetings.

The Woman's Auxiliary of St. Andrew's Church will hold a sale of home baking in the office of the Grimsby Gas Co. from 9 to 12 Saturday morning, March 16th.

Welcome

March 8th—To Mr. and Mrs. Adam Kusica, R.R. No. 1, Beamsville, a baby boy.

ADMISSION 25c

British Brides Faced With 22 Priority Tests

By Dick Sanburn in the Ottawa Journal

A highly detailed system of priorities operates in regulating the movement of British brides to Canada, and at least 22 basic factors may determine the priority allotted to any one British wife of a Canadian soldier.

The seven fundamental categories upon which subsequent priorities are determined are these, in order of precedence:

One, husband back in Canada and discharged from the service; two, husband back in Canada and in army hospital; three, wife in United Kingdom, pregnant; four, husband a repatriated prisoner of war, five, husband back in Canada and still serving; six, compassionate cases where the facts of compassion are referable to the United Kingdom, also including widows; seven, husband still abroad.

However, the first degree of priority listed above, where the husband is back in Canada and discharged, has been subdivided into 16 "shadings" in which one or more other factors enter to change the circumstances. All these 16 "shadings" take priority over the second priority degree listed above.

Officers in charge of the movement of British brides to Canada say they are absolutely convinced that the priority schedule is strictly adhered to in the United Kingdom, although by circumstances completely beyond control, there have been instances where wives have come to Canada ahead of their priority.

There are easily explained reasons for this. One is that the British ministry of war transport holds for its own use 10 per cent. of each ship's space until the last minute, for the use of government officials who may have to travel. At the last minute, this space or part of it may not be needed, just as the ship is about to sail. Rather than waste the space, repatriation officers get on to the telephone and call the most easily available British wives ready for sailing. These few may not be holders of high priorities. They are those who can get to the docks the fastest.

Also, when a few extra berths become available at the last minute, they might be suitable for wives with no children, and who are not pregnant, and not suitable for wives who actually hold higher priorities. Thus, low priorities go aboard, higher ones cannot. Also, the ships are fitted with different size bunks and beds. A certain number of children of certain size and age may be accommodated. They must be "fitted" into the beds. This causes complications too. It is stressed, too, that it is definitely not policy for husbands and wives to travel on the same ship. It does occur, occasionally, but that is purely coincidental.

Officers point out that so many things are involved, not only in establishing correct priority, but also in the matter of available ships, that numerous difficulties can arise and no general statement can be made. Each case must be reviewed by itself. The office in Ottawa now is handling nearly 2,000 letters a week from Canadian soldiers inquiring about their wives and families overseas.

Grimsby Red Cross

At the Annual meeting of the Red Cross Branch in Trinity Hall, Mar. 26th at 2:30 p.m. Service Pins will be presented to the members of the Executive and all those who served as Convener, at any time during the War Years. The speaker for the Annual Meeting will be Squadron Leader Ernest Harston, newly appointed Field Secretary of the Ontario Division of the Canadian Red Cross Society.

Over the Dominion net work of the C.B.C., a tribute to Red Cross Outpost Hospitals will be heard on the Northern Electric hour, Monday, March 18, at 8 o'clock EST. All told 46 radio stations, coast to coast will carry this program. All friends of Red Cross will want to hear this program.

The last packing day for the war-time Red Cross Branch is Mar. 22nd. Convener—please have EVERYTHING finished for Mar. 21st.

Brownies

At the March 8th meeting games were played until all arrived. After the regular opening and a check

up by Brown Owl, the Brownies returned to their Brownie homes for roll call. Fairy Gold was gathered and placed in the pot-of-gold by the sisters while all sang the Fairy Gold song.

To show the younger Brownies how interesting signalling can be the Brownies working on Golden Hand tests signalled and received

three and four letter words. While knot tying with the new ropes recently purchased, some of the older members realized they must keep up on knots or the younger ones will show them up.

After Highland Lanes, a couple of games, a few songs and the regular closing the Brownies ran along home.

BEAMSVILLE NEWS

W. A.'s Of Hospital Hold Meeting

The annual meeting of the Women's Auxiliaries of West Lincoln Memorial Hospital was held in the Kitchenette of the Beamsville High and Vocational School, on Thursday, March 7th, at 3 p.m.

Mrs. C. McArthur presided, assisted by Mrs. Ramsay, president of the Grimsby Auxiliary. Annual reports were presented, showing a very successful year just finished.

In both Auxiliaries, officers were returned by acclamation, and confirmed in office at this meeting.

Reports were given by the purchasing committee, and this committee was augmented by several members.

Following the business session, a dainty lunch was served and the ladies spent a pleasant half-hour over the tea cups. Miss Douglas McRobbie, Superintendent of West Lincoln Memorial Hospital, poured. Miss McRobbie addressed the gathering, giving a glimpse of what was going on at the Hospital. In her remarks, she mentioned the necessity for various articles still needed in the way of furnishings. Chairs for the nurses' quarters, and books for the patients' bedside, were two of the still needed necessities.

Miss McRobbie was made president of the combined Auxiliaries, following which votes of thanks were rendered to all those who had

Lions Entertain The Boy Scouts

Over fifty Boy Scouts, Cubs and Trail Rangers were the guests of the Beamsville and District Lions Club at their annual Scout Banquet held in the Banquet Hall of Trinity United Church on Monday evening.

Frank Thomson, 1st Vice-President, had charge of the meeting; and past President, Frank Sutherland arranged the program.

Lion Gordon Gray of Toronto entertained the audience, with a humorous story that was enjoyed by both Scouts and Lions.

Scoutmaster A. J. Hayward gave a most encouraging report of progress in the phases of Scout Work, and activities during the year just closed. Fifty efficiency badges, including two King Scout badges were awarded to local Scouts.

Splendid progress was also reported by the Vineland Trail Rangers, the report was given by their leader Bill George.

"Any investments in boys to-day, really pays dividends to-morrow," stated the leader in his report.

Chairman Frank Thomson announced the holding of preliminary

helped make the year so successful, with special thanks expressed to the Smithville and Winona ladies, who sent splendid donations.

It is hoped these ladies will be organized as Auxiliaries in the near future.

aries in the Oratorical contest sponsored by the St. Catharines Lion's Club, on April 8th, at Beamsville, when winners of the Smithville, Grimsby and Beamsville sons will be declared. The finale will be held in St. Catharines on April 30th.

Sound motion depicting the Cavalcade of Sport, provided much appreciated entertainment for both Lions and Scouts. These pictures were sponsored by the Hamilton By-Product Coke Company.

Lion Charles Wray, assisted by Billy Tufford, conducted a hotly contested sing-song, in which he declared the Scouts winners by a wide margin.

Lake Shore Items

Lake Shore School was the scene of another euchre party last Thursday night. Thirteen tables were in play, and the prizes were donated by Bob Kennedy.

Holding the high ticket for the ladies was Miss Janet Campbell, and on the low end was Mrs. Joe Richards. Mr. Harold Gillespie took high honours in the men's, with George Pinder scoring low. A special chair prize was awarded to Slim House.

A delectable lunch was served following play. The Lake Shore Group will hold another euchre on Thursday, March 14th at the school.

Beamsville Girls Bowling League

Well the galls are all through with the regular schedule, and the Aces are undisputed winners, winding up with twenty-nine points. Their closest rival was the Happy Gang team, who finished with twenty-one points.

Happy Gang — 732 776—21 pts.
Lawn Bowlers — 725 806—30 pts.
Merry Macs — 778 585—15 pts.
Business Gals — 664 630—12 pts.
Aces — 635 654—29 pts.
Spitfires — 596 578—23 pts.

Dot Burton rolled the high single of the night, 236 being the best effort.

Doris Ransom picked up both the high average and the high single for the year. Her average was 181, and the high single 272.

Play-offs get underway next week. With Aces bowling Spitfires, and Happy Gang taking on the Lawn Bowlers.

Will Entertain All Servicemen

A special meeting which was attended by representatives of many of the ladies' organizations of the district, as well as representatives from Council, Lions Club, and Legion, was held in the Council Chambers last Friday night.

The important question of what form of entertainment is to be held for the boys and girls that served their country during World War II, was the problem that faced the public spirited citizens that were gathered.

Mrs. Gordon Philip acted as Chairman, and gave a detailed account of circumstances leading up to this meeting, and made it quite clear, just how the Women's Institute had headed with other organizations in forming a committee to deal with a servicemen's entertainment.

A discussion as to what would be the best entertainment followed and the banquet problem was raked over the coals. With three hundred and thirty men and women to entertain, it was decided that even the spacious Community Hall would be packed to the doors, as previous plans included the inviting of a guest with each serviceman. The tremendous job the ladies are willing to undertake was found to be impractical.

George Shepherd suggested that a concert, followed by a dance might be a good idea. His plan struck an agreeable ascent from the other representatives. Mrs. Philip asked each one present to give their views, and the concert and dance was found to be supported one hundred percent.

Additional suggestions were offered, and it was definitely agreed that the concert would be of a very high calibre, featuring good professional entertainment, and that the dance would have only the very best of everything.

Following the decision, a committee was installed, made up of the following:

Roy A. Saunders—Chairman, from the Beamsville Council.
Mrs. G. Shepherd—L.O.D.E.
George Montgomery—Clinton Township Council.
Mrs. Gordon Philip—Women's Institute.

Frank J. Thomson—Beamsville and District Lions Club.
Mr. George Shepherd—Legion.

SPECIAL MEETING

May 24th was set as the prospective date for a concert and dance to be staged for the three hundred and thirty members of the armed forces from Clinton Township and the Village of Beamsville.

A committee composed of R. A. Saunders, F. J. Thomson, George Shepherd and George Montgomery, was appointed to arrange the entertainment end of the big concert and dance. Mrs. Gordon Philip and Mrs. George Shepherd were appointed to act as a committee of two, with powers to select other committees to attend to the lunch which will be served.

The Clinton Township Council and the Village Council have been approached with regard to financial backing, which will amount to roughly three hundred dollars from the Township, to two hundred from the Village. It is most likely that this backing will be granted by both Councils.

Mr. George Shepherd acted as Chairman, and F. J. Thomson was appointed as secretary.

News From BEAMSVILLE High School

by Little Whiz

Beamsville girls' basketball team suffered another defeat, this time in play against the Grimsby girls. The games were very close, and the low scores were a little out of the ordinary for basketball.

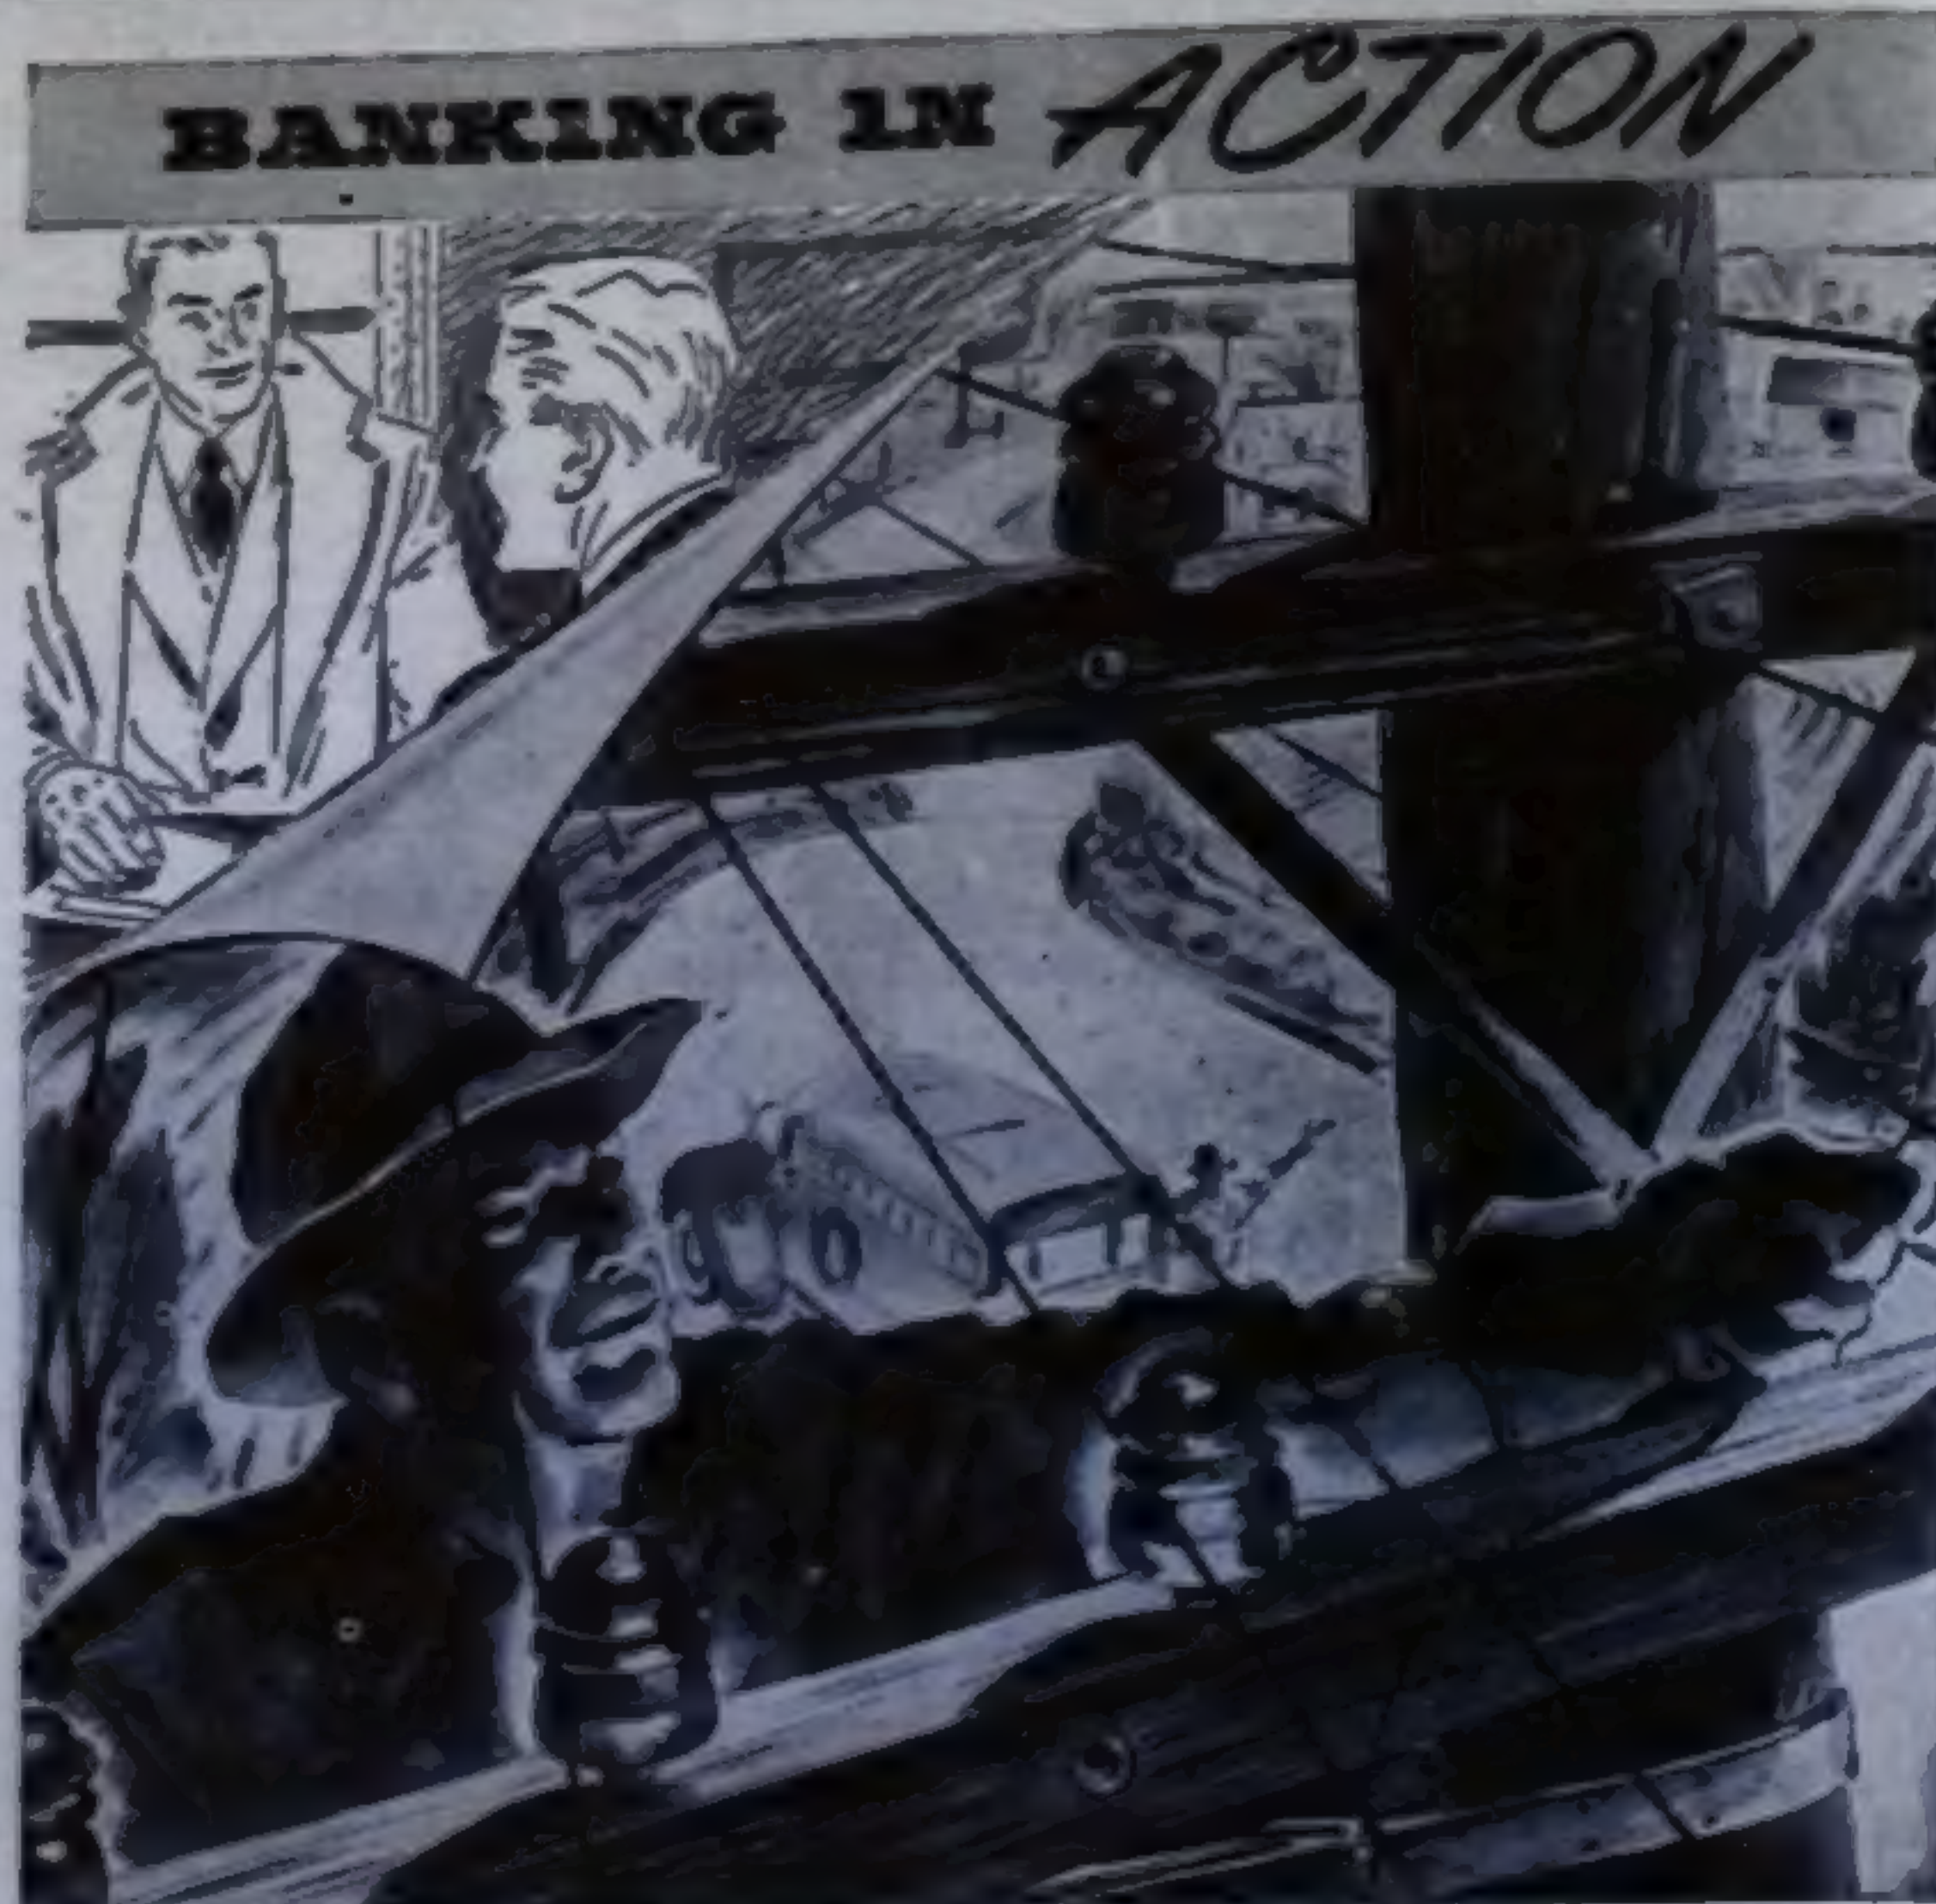

The Grimsby Seniors won their game by a score of sixteen to five, while the Grimsby Juniors managed to come out on eight to seven win over the greens and gold.

Beamsville have improved considerably since they last met with Dunnville, oh unhappy slaughter, and perhaps they might even win a game yet this season.

More Basketball. This time the masculine end of the student body of dear old B.H.S. Grimsby turned on the heat to turn back the Beamsville lads, who were again handicapped with Radeo still out of action. The clean fast game ended with the score standing at 36 for Grimsby and 23 for Beamsville. We trust that some optical parlor has got "Mike" Welch's glasses repaired by this time.

Worry! Worry! Worry! The future looks black and gloomy, for this week we students are writing ye old Easter exams. Little Whiz being among those unfortunate slaves, the column will suffer I fear. What I really fear though is the day of reckoning—or the day the results are made known.

Can you beat the way some gals

ELECTRIFICATION! What magic in the word—particularly for the farmer, the rural home owner! Power for the cream separator, the churn; for the silage cutter and the hardwood saw; for implements that used to spell back-breaking work. Energy for lighting, cooking, refrigeration; for household appliances of all kinds. The coming of Hydro lifts burdens, speeds tasks, transforms life on the concessions. Once electrification is decided on, Banking goes into Action.

Through Farm Improvement Loans with special terms The Canadian Bank of Commerce finances installation of the necessary Hydro equipment on the farm itself, or the purchase of an independent farm electric system. These loans are also applicable to the purchase of many electrical appliances. This is Banking in Action.

THE CANADIAN BANK OF COMMERCE

GRIMSBY HOUSE FURNITURE

T. Stadler

Upstairs, Hawke Building

When one more is a crowd!

When the family comes home, or friends are caught in town without hotel accommodation, you can always make room for one more... if Dad will sleep on the chestboard. But sometimes there simply is no room for one more.

Take the home that is not adequately wired, for instance. That new sandwich grill may be one appliance too many for the circuit to carry. The new kitchen mixer may be out of luck for a convenient wall outlet to operate from. Where to put that frozen-food cabinet may be a bigger problem than finding one you can buy. The wall outlet in the chosen corner may be already "overloaded" because of improper distribution of outlets per circuit.

When you build or remodel, be sure that your home is adequately wired. Be sure that it is ready to receive the new electrical appliances that you will be wanting to add from time to time. Employ a reliable electrical contractor, and see that there are plenty of outlets in every room, and circuits enough to serve them all adequately.

Your Hydro supplies power at rates that are among the lowest in the world. If you are to have full advantage of its convenience, your home must be adequately wired.

If you are improving or building a home, ask your Hydro for the booklet, "Adequate Wiring for the Postwar Electric Homes of Canada."

Who's worrying about the robins returning, the bees buzzing, and the fly flying. And this all in the middle of March. Do you recall the big snow storm on the 17th of March? Do you recall what happened to the blossoms last year? A lot of fruit farmers are giving the matter a lot of thought right now.

Mrs. Oscar Culver, Academy Street resident, tells us all about a tomato plant that she planted in a flower pot last fall, before the frost struck it down. The darned thing produced two very fine beefsteak variety tomatoes around St. Valentine's Day, which is something for sure.

Stan Gibson has purchased the former Orin home on the corner of Queen and King streets. James Hannigan bought the double house on King Street from the Parker Estate, and will move there shortly.

Midst a setting of lovely spring flowers, palms and ferns, and with the hall decorated with long streamers of green and gold, the Ex-Students Dance was held last Friday. This social event has been discontinued during the war, and its orchids to the four boys that got it started again.

With music by Marando, formal dress was much in evidence, as a pleasant get-together was enjoyed by the old alumni of B.H.S.

Some of the old timers spotted during the evening were: Mr. and Mrs. Ivan Smith, Mr. and Mrs. Bill Selby, brother Eric and his charming wife, Mr. and Mrs. Buzz Ogilvie, Sgt. and Mrs. Jack Barraclough, and that devastating red-head Jean Overholt, were a few of the guests present at this enjoyable dance.

Somebody swiped the score sheets of the final play-off game of the Beamsville Men's Bowling League, so we can only report that Ollie Hanson and his amazing "Beginners" defeated the Wildcats in the finals. Anyone looking for upsets can sure spot this one a mile away. Anyway its congrats to the so called Beginners.

St. Andrew's W.M.S.

The regular monthly meeting of the Women's Missionary Society of St. Andrew's Presbyterian Church was held last Wednesday at the Lincoln Ave. residence of Mrs. J. W. Trevelyan.

The President Mrs. C. McArthur presided, and announced that a meeting of all the Auxiliaries would be held in Grimsby on March 14th.

The President also made reference to the recent bestowing of the Victoria Cross to the Presbyterian chaplain Rev. John W. Foote, V.C.

The official magazine of the W.M.S. the Glad Tidings was reviewed by Mrs. McArthur, and many interesting flashes were read over to the ladies.

The main topic of the afternoon was the discussion of "Food Parcels for Europe." The situation in starving Europe is common knowledge, but it was clearly outlined at the meeting in such a vivid fashion, as to illustrate very clearly, just what the unfortunates of war torn Europe were going through. The W.M.S. is active in helping these persons in their fight against disease and starvation.

Mrs. K. Mariatt, assisted by Mrs. A. Stewart conducted the devotional period, and the hostess Mrs. Trevelyan served a tasty lunch at the social hour at the completion of the meeting.

The Women's Institute held another of their popular euchre parties at the Community Hall, Wednesday night, and twenty-six ladies were in play.

Winners of the evening were: Ladies high—Mrs. Janie Bartlett. Ladies low—Mrs. Harold Gillemple. Men's high—Howard Dawe. Men's low—Ronald Hewitt.

Mrs. Willard Book won a special lucky draw. Refreshments were served following the completion of play.

Local World Day Of Prayer

Many inspiring addresses were given at the World Day of Prayer services held last Friday afternoon at St. Andrew's Presbyterian Church, which was attended by women from all the various churches of the village.

The leaders presiding over the various sections of the program were Mrs. C. H. Prudhomme—St. Andrew's Presbyterian, Mrs. W. C. Almack—Trinity United, Mrs. J. F. Dunsmore—First Baptist, Mrs. A. M. Byles—St. Alban's Anglican, Mrs. P. Keown—Calvary Gospel Church.

A solo, "Open My Eyes", was sung appropriately by Mrs. Frank J. Thomson, accompanied by Mrs. A. W. Reid at the organ.

Mrs. A. C. McArthur gave an inspiring address on "Advance for Christ." Prayer leaders for the impressive service were Mesdames Albert Stewart, L. Laundry, R. H. Kemp, A. M. Byles, David Benson.

The Bible reading taken from Psalm 46 was given by Mrs. S. L. Gibson. The program following the theme, The Things That Make for Our Peace, taking it in four parts: A childhood spirit, a loving heart, a quiet confident mind and an active good will.

At the Service of Worship for Youth, in the evening, Mrs. Harland Stewart led the service, assisted by Misses Robertson, Harris, Lightle, and Mrs. L. Richardson. Prayer leaders were, Mrs. Geo. Prudhomme, Mrs. B. H. Reid, Miss Hammond, Miss K. Jemmett and Mrs. David Benson.

Miss Jane Young gave a most interesting talk on "World Peace and World Security."

Mrs. L. Laundry was key woman for the local Prayer Observance.

Musical Festival Week of May 15

Entries for the fourteenth Annual Musical Festival close March 15th. Entries must be sent to Miss Dorothy Patterson, Secretary, c/o

Ontario Department of Agriculture, Box 8, St. Catharines, so says Eric Dowling, President of the Music Association under whose auspices the festival is conducted. The entry must be postmarked not later than March 15th and late entries will not be accepted this year.

A larger number of entries than usual is expected for the Festival which will be held during the week of May 13th at St. Catharines. Additional entry forms may be secured by applying to the Secretary.

Two hundred and forty-five dollars in Scholarships are offered by the Association and an additional three hundred dollars in scholarships by the St. Catharines Lions Club but the latter is open only to residents of Lincoln County.

CANADA UNLIMITED — The Formative Years

The Telephone—By Jack Martin, O.S.A., C.P.E.

The Wonder of the Age

YOU CRANKED A HANDLE and put a little gadget to your ear and listened—then lo and behold! A voice spoke to you!

That was the telephone of the '80's, given to the world by the labours of Alexander Graham Bell in his Brantford workshop. But to the rural women of the day, it was more than miraculous. It was deliverance from the bleak isolation

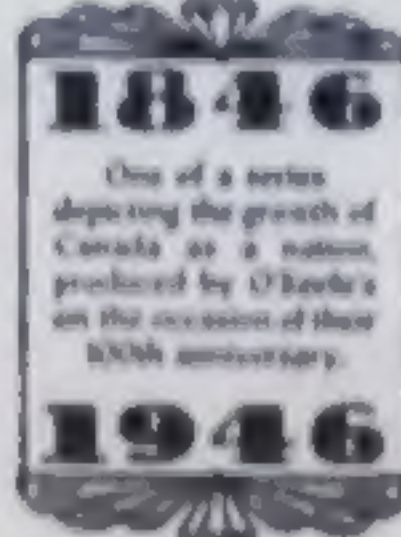

that they had thought would always be the lot of a farmer's family.

No longer in times of sickness would children have to suffer and perhaps die for the want of prompt medical attention or advice. No longer would the dawn to dusk toil of women be unrelieved by the sound of a friendly voice.

In the cities, businessmen were quick to make use of this new means of communication. In rural areas the telephone was among the first of many inventions that were to bring the comforts and conveniences of urban life to the farmhouses of Canada.

Thus, the telephone was a great unifying element that brought Canadians together to work side by side for the common good. It fostered the co-operation that was the foundation of the national spirit of the pioneers and which, in the future, can and will be the inspiration for the greater development of a Canada Unlimited.

Today in our purchase and holding of Victory Bonds and War Savings Certificates, we have another unifying element with which to build a shining future for our nation.

One of a series depicting the growth of Canada as a nation, produced by Okeefe's on the occasion of their 100th anniversary.

PROCEEDS FOR WEST LINCOLN MEMORIAL HOSPITAL

Sponsored By Grimsby Fire Department

REAL ESTATE

Robert Coward has purchased a fine building lot on the east side of Park Road, Grimsby Beach, upon which he is erecting a garage. Later a new home will be built thereon.

James Spence has purchased the building lot on the west side of Park Road, Grimsby Beach, from George Robinson, between the Snyder and Oliver properties.

J. A. Jacklin who recently sold his fine fruit farm and "palatial home" on No. 8 Highway west, has purchased through the C. J. DeLaplante agency, the fine, large home of M. S. McGregor, of Hamilton, situated near the tennis courts in Grimsby Beach. He will convert it into an all year around home.

Fred J. Graves, Sheriff of Lincoln county is now walking. Thieves broke into his garage on Sunday morning and stole his car.

Sparks from a chimney set the roof on fire at the home of Tony Weninger, 145 Main west, on Sunday, which gave the fire ladders a workout.

St. Catharines tax rate has been struck at 36 mills, an increase of four and one-half mills over last year and the highest rate since the 37 mills in 1940.

Colin Caverill, an ex-R.C.A.F.'er, has started himself up in business as a manufacturer's salesman. He is on the road selling Doug. Scott's fishing tackle, English's new furniture and Mac Signs.

Dunnville citizens on Monday carried a bylaw by 419-41, to loan \$50,000 for the erection of a new 35 bed hospital. Haldimand county is donating \$25,000 and the balance of \$75,000 is to be raised by public subscription.

A small one storey house on the Ridge Road east, occupied by a foreigner, was burned to the ground on Monday noon. Fire department responded but the building was beyond saving when they arrived.

Sponsored by Grimsby Fire Department, the Dundas Boys' Band, will play a concert in the Roxy theatre on St. Patrick's night, Sunday, March 17th. Silver collection and the proceeds to go to West Lincoln Memorial hospital.

Road Superintendent F. Z. Weir reported to the Road Committee of the Lincoln County Council Thursday morning on progress being made at the new storehouse on the Industrial Home property. The committee authorized Mr. Weir to contact Port Dalhousie for water service and also to purchase a new heating boiler for the building. Following the meeting in the county court house, members of the committee inspected the building.

CONTINUATIONS From Page One

TOWN COUNCIL

parking spaces or repair shops. Clerk Bourne was instructed to write to the Department of Highways for information re the preparing and passing of a by-law governing the licensing of taxicabs and the regulation thereof. Mayor Bull reported that he had had inquiries from men who wished to start taxicab businesses in Grimsby.

Council passed a motion to be forwarded to the Ontario Hydro Electric Power Commission requesting that, if and when a change is made in the power cycle, the Commission assume all cost of the change-over of motor and other electrical equipment, especially in view of the fact that this would be the second change over in Grimsby within a few short years.

In discussing the town building bylaw and the work of the Building Inspector, Councillor Bonham came to the front with the cryptic remark "We can not expect to hire inspectors for any of our jobs, that take hours to look after, for any \$25 or \$50 a year."

Information in possession of the council is to the effect that there are a lot of small buildings being built and a lot of alterations being made without the property owners first obtaining a permit to do so as required by the Building By-law.

In future, Council intends that all persons who do not obtain permits will be prosecuted.

John Madelmer was granted a permit for a garage on his Maple avenue property.

Wm. Ryan of Grimsby Wines Limited, submitted a plan for a new addition to their plant on Main street west. The new addition will be built on the west end of the present building, 15 ft. wide and running north 43 feet. It will be of concrete block and brick construction. New steam boilers will also be installed. A building permit was granted.

Hon. Charles Daley, Minister of Labor, wrote Mayor Bull stating that he was aware of the great damage being caused by lake erosion and that he would drop in and confer with him after the present session of the House is over.

This letter brought forth some caustic comment from Councillor Bonham who stated "What we want on this lake erosion is some action while the house is in session, not after it adjourns."

February report of Chief W. W. Turner showed four traffic bylaw charges, each fined \$1; complaints investigated 11; one place searcher for liquor; dog tax collected \$13.50.

Waterworks report for February showed 12,337,000 gallons pumped; average day 476,000 gals.; biggest day, Feb. 27th, 506,000 gals.; smallest day, Feb. 13th, 420,000 gals.; increase over February 1945, 5,225,000 gals.; increase in average per day over 1945, 156,611; power bills February 1946, \$151.10; January 1946, \$150.88; February 1945, \$120.93.

Tax Collector Jewson reported taxes collected for February totaled \$3,901.60, for all years, of which amount \$2,886.90 is for 1946 taxes. Total taxes collected from January 1st to February 28th total \$8,126.48 for all years, of which \$4,935.70 is for 1946.

A committee from Council will interview Mr. Flewelling, who is erecting a building at the corner of Clarke and Robinson streets for the purpose of manufacturing cement blocks, with a view to having him place the building farther back from the street line.

Dogs will have to be tied up or walked on a leash on and after April 1st.

Canadian Legion were granted permission to hold a street dance on Depot street on the night of Victoria Day.

Joint Fire committee accounts for \$77.17 were passed. A strip of land on Fairview avenue was sold to W. Lloyd Smith for \$50.

A three foot strip of land running east from St. Andrew's avenue, was sold to W. Wray Watson. Kenneth N. Philbrick was sold the building lot on the corner of Main west and St. Andrew's avenue for \$400. A refund of \$300 will be made if a residence costing not less than \$5,000 is erected within a year.

Arnest A. Flewelling was sold the building lot at the corner of Clarke and Robinson streets for \$150.

Accounts for \$810 were ordered paid.

Relief accounts for February amounting to \$63, were passed. Steve Ivancho was granted a permit to erect a new house at 78 Maple avenue.

The request of the I.O.G.E. for a donation towards Memorial Fund ship and Bursaries contrary to the policy of the council to make such grants.

When it comes to an acid tongue it usually meets the acid test.

Around The GRIMSBY High School

JANIE

Four basketball teams from Dunnville will visit G.H.S. on Friday for an invitation game. As we are nearing the end of this Basketball season a lunch will be served to all the visitors. Everyone is welcome. The game begins at 4.30 p.m.

The G.H.S. Cadet Parades will be resumed again to-day providing the weather is all right. The regular Band practices will start also since the instruments have been repaired.

Inspectors Davies and Johnson of Department of Education, Toronto are visiting the school this week.

As well as the regular films this week we have several pictures from Military District number two.

G.H.S.'ers enjoyed an evening of swinging and swaying to the new platters on Saturday night. A party from across the way visited the dance during the evening.

The G.H.S. boys' Basketball team played hard on Friday to beat Fort Erie and were successful the score being 20-25. Unfortunately Ft. Erie had won a decisive victory over G.H.S. before, and since baskets are counted not games, they put us out of the group finals.

Last Tuesday the girls trimmed R.V.H.S. even though the floor was slippery. The Juniors ended with a close score of 9-8. The Seniors score was 16-5. Joyce Marlow starring with a total of ten points. Shirley Cornwell scored the other six points.

Who was the heroic fifth former who rescued three G.H.S. damsels from being left in the Deserted Village after this game?

The school has received several

complaints as to bicycles being left sprawled over the town sidewalks. How about a bit of co-operation?

Gentle Reminder—exams start March 29!

JANIE

Cubbing

Service stars were distributed at the last meeting of the Pack. Twenty Cubs were presented with their second year star while fifteen received their first star.

John Mitchell reaffirmed his Cub promise and was presented with his Second Star to show that he now has both eyes open to the ways of the jungle. This is the star worn on the Cub cap and is the most difficult one to earn.

Proficiency badges were presented to Albert Mitchell, who earned the Guide Badge and to John Mitchell, his Collector's Badge.

Before the collection of dues the pack engaged in a Health game of "Blow away the Germs". An instructional game of the First and Second Star tests reviewed the work on skipping, knot tying and leap-frog in which game the Blue Six were able to show their heels to the rest.

Blake Christie was welcomed as a new chum. The Pack then divided into three sections according to size to try out a leap-frog game that they had seen in a film at school on Dutch children. After trying the game for some time everyone agreed that there certainly was a trick to it and much practice would be needed to do it nearly as well as the school boys shown.
